

10th March 2020

Dear Parents and Carers

The success of our school and the success of your child's education is dependent on strong and positive relationships between parents and carers, teaching staff and governors. Together, we have a shared commitment and responsibility for your child's success at Cox Green.

We are all responsible for setting good examples in our language and behaviour and ensuring that all members of the school community are treated with respect.

With this in mind, we cannot accept any behaviour that undermines the values and expectations that we are instilling in our students.

Sadly, there is an increasing amount of unacceptable and threatening behaviour towards our staff, from a minority of parents.

With this in mind, I would like to remind you of the following unacceptable behaviours:

- Loud, offensive language or physically abusive behaviour towards any members of staff;
- Defamatory comments about school staff, or members of the school community on social media;
- Aggressive or abusive correspondence (emails, letters) or telephone calls.

We expect our school community to model polite and considerate behaviour at all times and the behaviours listed above will not be tolerated.

I trust you will support us in this matter.

Frances Walsh
Headteacher
