

FIRST DAY AT COX GREEN SCHOOL

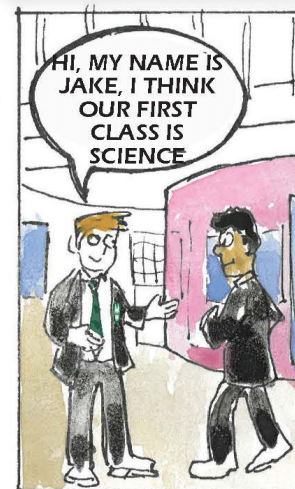

We know how daunting it can be starting at a new school. When you arrive on your first day, the staff will be there to give you a friendly warm welcome.

They will show you around and take you to your form room, where you will meet your tutor. Your tutor will be there every morning to check how you are, and for you to talk to if you ever need help or advice.

Make sure you are wearing the correct uniform every day. You will also need a school bag, which has room for all your books, equipment and a packed lunch (if you have one). We know it will help you settle in more easily and confidently if you have everything you need when you arrive at school.

You will soon start making friends with the other pupils in your class by learning new things together, and by helping each other to get to know our school.
