On Monday, the students enjoyed celebrating World Earth Day. Year 12 attended a presentation with speakers from Earth Learning Centre and Grundon, to learn more about the impact of recycling and making small positive changes for the Climate. Year 10 attended a talk from 'Filling Good', a local zero waste community, about ways to reduce plastic consumption and sustainable alternatives. Years 7, 8 and 9 got creative with recycling and took part in a competition to make artwork from the supplies. The winner for the competition will be announced in assembly and we look forward to seeing the entries.
