1. **Strategic Aims**

The purpose of the subcontract is to increase and widen participation in the school setting and offer a centre of excellence for Football

2. **Rationale for subcontracting**

The Sports Academy programme provides quality training facilities with high class coaching delivered by professional sports people and teams that would otherwise not be accessible to local 16-19 year old students.

The centre provides an identity which suits many disadvantaged students who want to further their education at Level 3 learning, undertaking a variety of qualifications within an academic environment. Students have the option to follow a mixed programme of traditional A Levels and vocational subjects coupled with the sports academy practical participation opportunities.

The whole programme enhances career prospects within a career path that without the partnership would not be possible.

The programme and its associated qualifications have encouraged students to progress to university, scholarships in the USA, degree apprenticeships, employment in the leisure industry and to obtain additional qualifications in personal training, refereeing and first aid.

3. **Subcontracting Partners**

The schools subcontracting partner is: Burnham Sports Academy, Registered Office: Longford, 303 Amersham Road, Hazlemere, High Wycombe, Bucks HP15 7PX
