

COX GREEN SCHOOL NEWSLETTER

09-13
JUNE 2025

Dear Parents and Carers,

Last Thursday, all of us at Cox Green were looking forward to celebrating the Key Stage 3 Awards Evening. All of the students should be proud of themselves and it was wonderful to hear the heartfelt speeches from the subject tutors crediting the students for their successes. I was personally delighted to present the Headteacher's Award to Jack S (Year 7), Ethan F (Year 8) and Wariyam S (Year 9). Congratulations to all the students, and thank you to the students' families for attending.

We are extremely proud of the hard work and resilience of our students as Year 11 and 13 approach the last week of their exams. We have all been impressed with their mature attitude to approaching the exams, as well as, their effort to maintain uniform standards. Well done to Year 10 who will also be finishing their mock exams.

On Tuesday, Year 9 took part in *Prison? Me? No Way!* and the organisers from the event gave extremely positive feedback for the students' behaviour and participation on the day. We are pleased to share with you the photos of the students enjoying the day on page 6 of the newsletter.

Congratulations to our community champion, Laura in Year 7! Last weekend, Laura volunteered to support her community, spending over two hours litter picking and making a huge difference to the cleanliness of the village. Well done Laura!

Best wishes,
Mr Edwards, Headteacher

Assemblies this week:

**Be Determined:
Women in Engineering**

This week, we are celebrating women in engineering! Ahead of *Women in Engineering Day*, recognised and celebrated this year on the 23rd June, our assemblies focused on the achievements of women in the engineering industry.

With female engineers making up only 16.5% of the industry workforce, INWED is a global initiative to inspire more women and girls to pursue STEM careers. In their assemblies this week, our students were introduced to some of the most celebrated female engineers and learned about their incredible achievements. The students explored challenging stereotypes and discussed the difference between direct and indirect discrimination.

For Year 7 and 8 students, we offer a dedicated STEM club organised by Mr Hogan and Miss Cheeseman.

The club meet weekly on Tuesdays after school and offer students the opportunity to take part in various Science experiments for fun and personal development.

If your child enjoyed the assembly, please encourage them to speak to Mr Hogan for more information about the club!

Access Arrangements Online Workshop Monday 23rd June 2025

We will be running a virtual workshop to help parents and students understand the processes, deadlines, qualifying criteria and evidence required to provide additional support for students for their GCSE / A Level exams.

This may be particularly helpful for parents of students in Year 9 and 10 but everyone is welcome. We look forward to seeing you all there but if you are unable to attend, the meeting will be recorded and uploaded to the school website.

Link to join will be circulated via Edulink next week.

Congratulations to the members of 7BA who led an amazing assembly last week! In celebration of cultural diversity, 7BA explored how this is reflected in language, food, music, clothing, and much more! The students prepared a reading from *The Very Equal Kingdom*; a short story where characters who were all so identical that in order to solve a problem, they had to seek advice from a different kingdom to share different ideas! This week, Year 7 put their practical skills to the test and had fun making pizza from scratch with their choice of toppings!

On Tuesday, the Year 9 students took part in *Prison? Me? No Way!* The students participated in 5 different sessions during the day which covered themes around health, wellbeing, risks, relationships, drugs, personal safety, first aid and issues of crime and justice.

Sessions also included those on county lines, first aid, rail safety, life in prison and knife crime. The sessions are run by *Prison? Me? No Way!* alongside the police, fire and rescue services, St John's Ambulance and GWR train company.

Finally, the students visited the prison bus, which contained a replica prison cell and were able to learn more about life in prison.

Year 10
Stars of the Week

Talea Moraitis
and Aarav Saxena

Nominated for their consistent determination in Science and excellent progress.

We are all very proud of our Year 10 Construction and Catering students who are coming to the end of their module at Manor Green. All students represented Cox Green proudly and they have impressed staff at both schools, frequently receiving great feedback for their participation.

The Catering course has been very successful for the students; it has been incredible to see them each week responding to the practical tasks with enthusiasm and enjoyment. The students always look forward to their course days; enjoying the opportunity to use their imagination and cook something new! In April, they completed their assessment and we are thrilled to announce that everyone passed, earning themselves a Level 1 catering qualification. As part of their assessment, the students had to prepare a recipe; individually showcasing their skills and knowledge that they have learnt on the course.

Throughout the Construction course, the students were allocated a 'pod' to complete different practical tasks each week. The students gained experience learning how to paint, apply wallpaper and take accurate measurements while working in a team. During non-practical lessons, the students learnt how to write professional emails to customers and provide quotes, also engaging their business and customer service skills.

Girls' Soccer Tournament: Cox Green vs Altwood

On Tuesday, Cox Green Girls participated in the annual Soccer 7s Tournament against local schools within the area. The students played exceptionally well despite not having played with one another, and even showed great composure by winning against Altwood School on penalties. Whilst we were unable to take any silverware home, the girls showed exceptional skills, even when the majority of the team were playing a year above their age group. Congratulations to Lucy, Mabel, Rubie, Elizabeth, Charlotte, Leah and Evie for their excellent performance and team effort. Well done, and we look forward to participating again next year!
