

COX GREEN SCHOOL
NEWSLETTER

Dear Parents and Carers,

Thank you to everyone who completed the recent parent survey. We are pleased to announce that, following the results, we will be launching our newly rebranded website based on your feedback and suggestions. Please look out for updates and our relaunch in September!

Due to the warmer temperatures forecast for next week, students are invited to wear their PE kits or regular uniform with their blazers and ties removed. We have recently sent communications home regarding an increase in the number of students wearing crocs or sliders to school. Please note that these types of shoes are not permitted. For their safety, students are required to wear trainers or other suitable enclosed shoes to school.

This is a reminder to Year 10 and Year 12 parents that the deadline for submitting requests for exam access arrangements is **Friday 17th July (end of term)**. This is the final opportunity to request support for their formal exams. Due to the deadlines set by exam boards, no requests can be considered after this date. Students have been sent the link to complete the form. Please remind them to do so if they haven't already. Students should complete the form, even if arrangements were in place for their mock exams. If you have any questions about requesting exam access arrangements, please contact Miss Hughes directly.

Next Friday is a non-uniform day and we would like to remind parents of the earlier finish time, 12.30pm. We would ask for a £1 cash donation (cash only) and all proceeds will be donated to Thames Hospice. Please note there is no option to pay via iPay.

**DON'T
FORGET!**

All lockers must be emptied before the end of term. Lockers for next year can now be purchased on iPay, and students will be allocated their new lockers in September.

Please remind your child to return their library books before the end of term, or alternatively encourage them to visit the library to have their loans extended to cover the summer break and avoid fines.

iPayimpact

iPayimpact will be undergoing an update over the course of July.

The update will involve the following:

- Any saved card details held in iPayimpact will be removed. You will need to re-enter your card details.
- Any automatic payments will be paused until you add a new card and re-apply it to your automatic payment settings.
- The checkout screen will look slightly different, but all features remain the same.
- Apple Pay or Google Pay are not affected.
- Refunds continue to work as normal, including for payments made before the update.

You will receive communication directly from iPay when the update is completed, and banners will appear in the app and website to guide you through any actions needed. Parents/carers with automatic payments that need attention will see a specific prompt when they log in. Please follow the link below for a list of FAQs regarding the update:

THANK YOU!

The students from Sustainability club would like to thank everyone who kindly donated the plastic bottles for their sustainable shed project.

We are thrilled to include photos of their work this week for you to see their progress and the shed walls starting to take shape.

We are still collecting plastic bottles for their project, so please keep saving them for the students! Donations of 2 litre clean plastic bottles can be left at reception for the attention of Ms Chate .

This week in Science, Year 8 started their roller coaster projects and put physics into practice! The practical lesson helped the students understand how energy transfers and the ways that friction and gravity affect motion.

In assembly presented by Mrs Morgan-Russell, Year 8 discussed staying safe in the digital world. This important assembly explored key online safety topics, including the consideration of the growing role and implication of artificial intelligence. The assembly emphasised the importance of critical thinking online and encouraged students to question what they see and verify sources.

Year 9

Year 10

Stars of the Week

Klenam Gemegah

Nominated for amazing work during his work experience placement. Well done!

Our GCSE Geography students headed to Brighton this week, for an exciting day of compulsory fieldwork!

The trip is a key part of the course, giving students the chance to investigate real-world examples of coastal processes and human impacts on the environment.

Brighton's diverse coastal landscape makes it the perfect location for this valuable learning experience - a tradition our students look forward to every year!
